Nobonita Saha Niha

Front-End Developer | React · Next.js · TypeScript · Tailwind CSS

mailto:nobonitaniha3@gmail.com | +8801965306403 | LinkedIn | GitHub

Professional Summary

Computer Science graduate and front-end developer who turns Figma designs into clean, responsive interfaces with React, Next.js, TypeScript and Tailwind CSS. Built five front-end projects, from landing pages to a full travel website. Seeking an entry-level Front-End / React Developer role or internship.

Technical Skills

- **Languages:** HTML5, CSS3, JavaScript (ES6+), TypeScript
- **Frameworks & Libraries:** React, Next.js, Tailwind CSS, Bootstrap, Motion
- **Tools:** Git, GitHub, Vite, Vercel, Figma, Formspree
- **Strengths:** Responsive layouts, Figma-to-code, light/dark theming

Projects

WAYLUME – Travel Website | Next.js, Tailwind CSS, Vercel | Live Demo · GitHub

- Dynamic destination pages, trip categories, date selection and persistent light/dark theme.
- Formspree contact form, newsletter signup and confirmation emails via Google Apps Script.

Medical Landing Page | Next.js 16, React 19, Tailwind CSS 4, Motion | Live Demo · GitHub

- Responsive healthcare landing page built with the latest Next.js and React, live on Vercel.

Ecobazer Grocery Website| E-commerce front-end, Netlify | Live Demo · GitHub

- E-commerce website converted a Figma design into a responsive website, matching spacing, typography and layout closely.

Velvety – Beauty Landing Page | React, Tailwind CSS | Live Demo · GitHub

- Skincare brand landing page with a clean layout and reusable React components.
